PROFESSIONAL EXPERIENCE

Library Management

- Designed and developed a Library Management Application to enhance the efficiency of book cataloging and tracking processes.
- Streamlined check-in/check-out processes, reducing manual workload and improving overall library operations.
- Implemented a user-friendly interface for easy navigation, enabling seamless search and retrieval of library resources.

Todo App

- Developed a dynamic and responsive 'Todo' application with full CRUD capabilities.
- Implemented a user-friendly interface enabling users to effortlessly create, view, update, and delete tasks.
- Showcased proficiency in full-stack development by creating a seamless and efficient user experience.

Typing Master

- Developed an innovative Typing Master web application: Designed to teach users typing skills from scratch with interactive UI.
- progress tracking with detailed feedback, and customizable lessons to improve typing speed and accuracy
